

Stylish bedlinen created individually for you

New Edinburgh-based company, **Gilly Nicolson Contemporary Bespoke Bedlinen**, has just launched a new website showcasing their stunning collection of custom made pillowcases, sheets and duvet covers.

In this world of mass production, their Bespoke Service provides something more unique by creating luxury bedding tailored to particular design and colour requirements. Fine quality Grosgrain ribbon, available in a choice of 22 colours, is used to trim pure Egyptian cotton to create bedlinen in contemporary and uncluttered designs.

Designs are developed by Gilly Nicolson in Scotland and produced in Europe using superior craftsmanship and attention to detail. Each unique piece receives personal attention, and is hand-checked, pressed and packaged.

Due to the unique service, Gilly Nicolson Bespoke Bedlinen is not found on the high street but can be viewed at www.gillynicolson.co.uk. Customers are encouraged to take full advantage of the Bespoke Service which creates individual collections based on customers' particular colour and design ideas. Enquiries should be sent to gilly@gillynicolson.co.uk. Gilly Nicolson is also available for wedding lists and to the interior design trade. Prices start from £60 for a pair of pillowcases and £220 for a King size duvet cover.
